```

Paragraph

```
<p>Located in south-west Sri Lanka, Sinharaja is the country's last viable area of primary tropical rainforest. More than 60% of the
trees are endemic and many of them are considered rare. There is much endemic wildlife, especially birds, but the reserve is also home
to over 50% of Sri Lanka's endemic species of mammals and butterflies, as well as many kinds of insects, reptiles and rare
amphibians.</p>
