## <u>Unit 07</u>

## √ Forms of energy and their uses (3)

12. i) What is the name for the energy stored in sound?		
 (ii	Write three instances where sound energy is used?	
iii) I	Name an instrument which is used to develop (amplify) sound energy using electrical energy?	
 13. i)	What is the main use of light energy?	
ii)	What is the type of energy supplied by sun to produce food in green plants?	
iii)	Mention the energy transformation occurs in solar cell?	
iv)	Mention few natural light sources?	
v)	Mention few artificial light sources?	
vi)	What is the main light source?	

14.	Mention the things are used to produce light in following sources of light?			
i) Sun				
ii) Cocc	nut oil lamp			
iii) Kerd	osene oil lamp			
iv) Can	dle			
v) Elect	ric torch			
15.	i) What is the form of energy that warm our body when we are near a fire?			
	ii) What is the observation when the bottle is kept in the warm water as in the figure?			
	iii) Write the reason for that observation?			
	iv) Mention the changes occur due to heat in substances?			
	1			
<b>16)</b> .Wr	34			
17.	i) Mention the three states of chemical substances?			
	ii) What is called chemical energy?			
	iii) Which kind of energy is stored in our food?			
	iv) Which energy stored in fuel like kerosene oil and firewood?			
	v) Mention the energy transformation of a dry cell?
