## Unit 1 – Plant Diversity(1)

## > Morphological features of flowering plants

## Activity 1.1

Names and the pictures of several plants are given below. Although most of them are familiar to you, certain plants may not be familiar to you.

Fern

Rose

( ) )

Gardenia

'Balsam' 'Kasiththumbai'

'Idda'

(Karapincha) (Beduru) 'Kakkattan' Figure 1.2 ▲ Several different types of plants Prepare a table by grouping all the plants in Figure 1.2 into plants which bear flowers and plants which do not bear flowers.

• Plants which produce flowers are called ...... and plants which do not produce flowers are called .....

- Observe plants in your home garden or in your school premises.
- Identify them as flowering plants and non flowering plants.
- Tabulate the plants you identified as flowering plants and non-flowering plants.
