## **REVISION LESSONS**

Reading – Activity 1

Read the given text and answer the following questions.

Education is the process of facilitating learning, or the acquisition of knowledge, skills, values, beliefs and habits. Educational methods include teaching, training, storytelling, discussion and directed research. Education frequently takes place under the guidance of educators, however learners can also educate themselves.

Education can take place in formal and informal settings and any experience that has a formative effect on the way one thinks, feels or acts may be considered educational.

An educational institution is a place where people of different ages gain an education, including preschools, childcare, primary- elementary schools, secondary- high schools, and universities. **They** provide a large variety of learning environments and learning spaces.

1. What is education?

2. Name two educational methods mentioned in the text.

3. What are the two settings that education can take place?

- 4. Name four places that you can get formal education.
