Read and copy the following essay on 'My Favourite Game.

Essay on My Favourite Game

I play lots of games like foo ball, Hockey badminton and etc. But, my favourite game is cricket. Cricket is one of the most famous games in the world. It is an interesting and enjoyable game. And it is an outdoor game too. Cricket is played between two teams. Each team contains eleven players. There are two umpires in cricket. The team that wins the toss decides the team plays first. The match is limited to overs. An over contains six bowling chances. When the game is going on it is thrilling. Two batsmen from the playing team play in partnership. The bowler is from the opposite team. The other players in that team are the fielders. The score is counted by runs. So, the team that scores more runs than the other team wins. The batsman should be alert and watchful to hit the ball. And the bowler and the fielders should be ready to field and hinder the team scoring many runs.

The items like Cricket Stumps, Cricket Scoreboard, Cricket Balls, Umpire's Coat/Ball Counter, Cricket Bails, Boundary ropes or flags, Cricket Scorebook, Cricket Bat, Batting Leg-Guards, Batting Gloves, Thigh Guard Batting Helmet, and the Abdominal Protector are needed to play a match.
