### REVISION LESSONS

#### Reading – Activity 02

Read the underlined words in following passages and explain them in your words.

1. Apprenticeships are structured training programs which give you a chance to work (literally) towards a qualification. They help you gain the skills and knowledge you need to succeed in your chosen industry.

Getting into employment earlier means there's lots of potential for you to progress in your career quickly. You can also begin to earn a good salary much earlier on in your life.

2. Apprenticeships give you fantastic experience in the working world and show employers that you can 'hit the ground running'. Hands-on training gives you a real chance to put your skills into practice and helps you to gain more confidence in a working environment.
3. You earn while you learn. That's right! No student loans, no tuition fees, and, hopefully, no debt. You'll be paid a salary by your employer, and the government tends to cover the cost of the training for most young people.
4. Choice. There are over 400 different types of apprenticeships. So whether you're hankering after a career in business, sport, marketing or construction, there's something for everyone.

5. Apprenticeships offer a varied learning experience. You won't have to spend all of your days studying; most of the time you'll be working at a company.

- Collect quotes on "Education" and design a poster to be displayed in the school wall paper regarding the importance of Education.
