

My House

My house is where my family lives. It is blue. There are three floors and four bedrooms. We have a kitchen and three bathrooms. Our family room is where we like to watch television together. When people come over, we eat in the dining room. Behind my house, we have a garden and farm. We have a playroom in the basement. We have a swing in the backyard. When i go outside with my friends, I rush to back home because my home is warm for my family. I clean my house every day in the morning and the afternoon. On Saturday and Sunday, I mop every floor in my house. I love my house.

Playing at the Park

Sara went to the park with her mom. She saw many people in the park. Some people was doing exercise, some dancing in a team. It seems beautiful park to play in. Sara saw many children played many games such as duckling, rode a bike, swings. But she liked playing chase with the other children. Her favorite thing to do at the park was to go down the slide while the music was playing in the park. She told her mom that she was very happy, and she want to come to play those games again at the weekend. She also liked when her mom helped her on the swings.

At the Beach

On my vacation, Hentry likes to visit on the beach with her friends and parents. Her parents always join her every vacation on the beach because they don't allow her to go with her friends. She likes to play soccer and tennis with her close friends. They are friendly. In the morning, Hentry has breakfast and goes to the market with them. She is very happy and has fun to be there with them. At night, she goes to see firework at the seaside. She gets up early to prepare her clothes and suitcases, then she goes back home in the morning. In the bus, they are happy because they were signing in the bus. When she arrived home, she felt tired and doesn't want to do housework. Her vacation on the beach is a beautiful souvenir. She will go to visit there again.
