A noun is a person, place or thing.

Ex: Father, Hospital, Table

A verb expresses an action.

Ex: Run, Swim, Prepare

As you know some words in English can be either a noun or a verb. It's important to look at the words go before and after them to identify whether it is a verb or noun.

- **Nouns usually come after an article (a, an, the), a preposition (on, in, near...) and possessive adjective (my, her, your...).**

I have a pen. Eraser is near the pen. This is my pen.

- **Verbs are usually come after the subject.**

I read books. We can dance.
