

Subject - Information & Communication Technology

Grade 10

Month - September

Week - 4

Competency 7 – Uses Spreadsheet to solve simple statistical problems.

Competency Level 7.4 – Uses inbuilt functions for calculations.

Student Work

	A	B	C	D	E	F	G
1	භාණ්ඩයේ නම	ප්‍රමාණය	එකක මිල(රු)	මුළු මුදල(රු)	10% වර්ධම	වර්ධම අඩුකල පසු ලැබෙන මුදල	
2	සබන්	100	40	A	B	c	
3	දන් බුරුසු	150	35				
4	කිරිපිටි	80	350				
5	කොට කලිසම්	60	750				
6	තේ පැකට්	80	80				
7	පෑන්	150	20				
8	මුළු එකතුව					D	
9							

1. Write the equations that need to be written to get the values of cells D2, E2, F2 and F8 including A, B, C, D mentioned in the Ms Excel image above.

- Read and understand 214, 215, 216, 217 and 218 in your reading book.
- Take and learn lesson-related lessons from the online or printed learning aids listed here.
- If you have a computer, do activities 214, 215, 216, 217 and 218 in the reading book. Learning aids that can help with this lesson.
