1. Read the following text and underline the correct answer.

One of the things which I like most about my school is my art class. We have a great teacher named Ms.Manavi Herath. She is a wonderful artist. I love to look at her drawings and paintings. She teaches us how to mix paint to make just the right colours for our paintings. She plays good music while we are doing our work. We draw and paint almost every day in the class. Some days we look at pictures of other artists. It is interesting to do this. It helps us to think how to paint or draw well. We have an art exhibition in May this year in one of the halls in our town. We hope to invite parents and all our retired teachers to this exhibition. I have three paintings which I am working on now. I hope to finish it soon and keep for the exhibition.
