Grade 09

Week of October 03

Identify the responsibilities of gender

Different factors are categorized according to gender. This classification can sometimes have adverse consequences. Dealing with gender differences also contributes to family success.

1. What are the two main factors influencing the identification of a person as a man or a woman?
2. What is sexual identity?
3. What is the minimum age for marriage in Sri Lanka?
4. What are the possible consequences of having unmarried sex or a married couple failing to fulfill their responsibilities?
5. What are the potential dangers of irresponsible sex?
6. Write down five things a pregnant mother should follow to produce healthy firewood. 7. Write down the duties to be performed by the husband to the pregnant wife.
8. Write down five responsibilities that parents have regarding their children.
