- Do the following exercise based on the fifth lesson in your textbook.
 - 1. Name the basic logical gates.
 - 2. Draw standard codes for the basic logic gates.
 - 3. Build authentication tables related to the basic logic gates.
 - 4. Write 2 examples for each of the situations / events that we may use on a daily basis to explain the concepts of the basic logic gates.
 - 5. Do the workbook activity 5.1.
