Department of Education Sabaragamuwa Province – Weekly school

Information and communication Technology

Week –: Nov. 15 - 21

Prepared by E. Anjali Sandareka
R/Emb/ Andoluwa College

Grade 8

Unit 6 – Internet

Let's create a web page

01. What are the factors that should be considered before creating a web page?

02. There are 03 main required components to create a web page. They are tools, software and tags (elements).

I. what do you mean by tools which required to create web pages.

Give some examples for tools.

II. Which software can be used to create web pages using the HTML?

III. Name some of the tags (elements) which are used in web page design using the HTML and write down their functions.
