

පළාත් අධ්‍යාපන දෙපාර්තමේන්තුව සබරගමුව - සති පාසල

Subject : ICT

Week : 21<sup>st</sup> Week

Grade 6 :

Prepared by : M.M.S.B Megasooriya

### Creating a password

We learned earlier what a "password" is. Now let's see how to create a password

### You need to be aware of this when assigning a password to a computer

- ✓ Password must be a combination of letters (A-Z), numbers (0-9), symbols (#, @, \$), etc.
- ✓ Must contain at least 8 characters
- ✓ Do not include anything speculative
- ✓ A password hint may be provided (to remind if forgotten)

Passwords created with the above features in mind are strong passwords, including one of a kind.

1. Choose strong passwords  
( grade6 , Amali@2008 , NameAge , A\$12 , BooK#2020 , 6Class123 , @Sp2530na , Saman@P20 )
2. Write 8 examples for strong passwords.
