

## Unit: - Selection

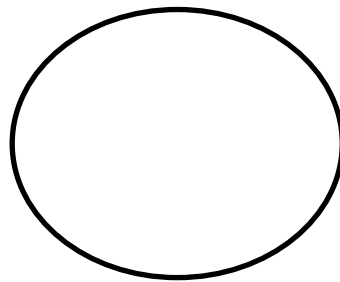

### Number of Periods : 04

- Clearly understand the pages 135 and 136 in the text book. Identify the groups separated according to the characteristics of the animals available there.

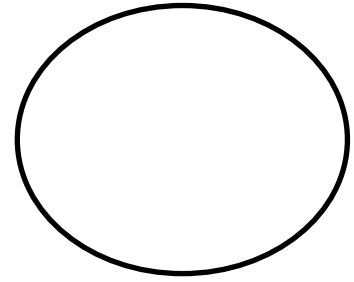

Separate the animals shown there into 3 groups as herbivores, carnivores and omnivores.

Herbivores

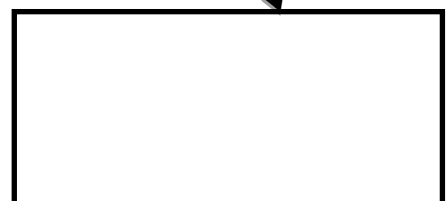

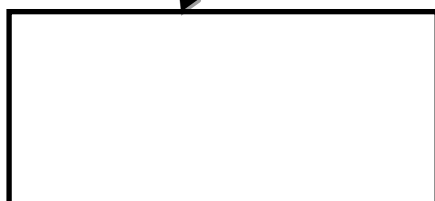

Carnivores

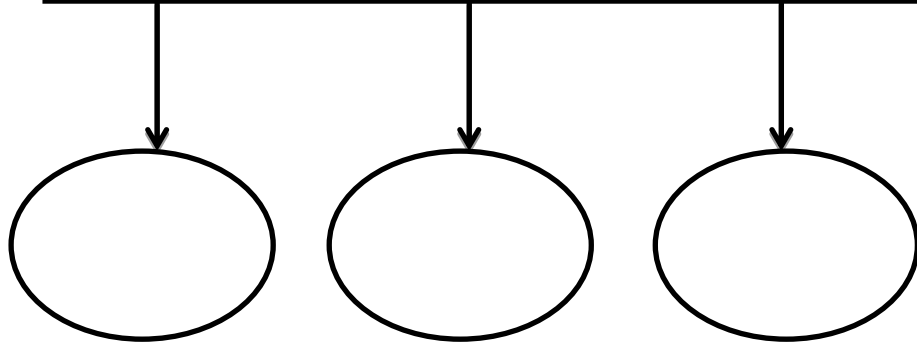

Omnivores

Separate the below numbers according to common characteristics and give proper name for them.

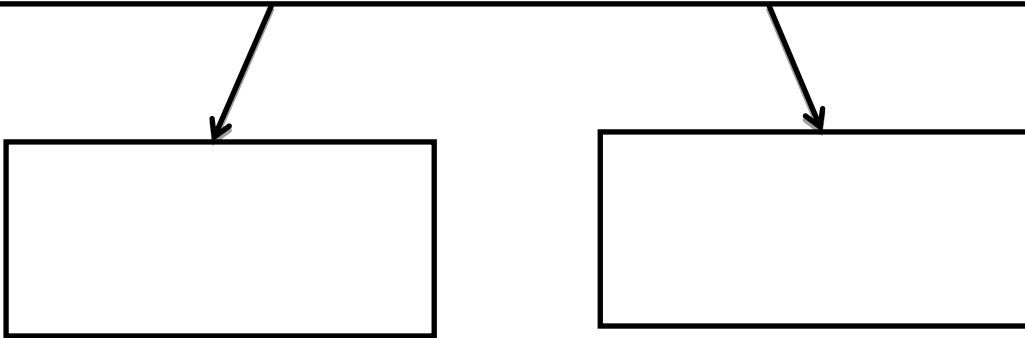

3, 5, 10, 14, 18, 24, 30, 35, 19, 27, 52, 57, 63, 65, 26,  
48, 51, 50

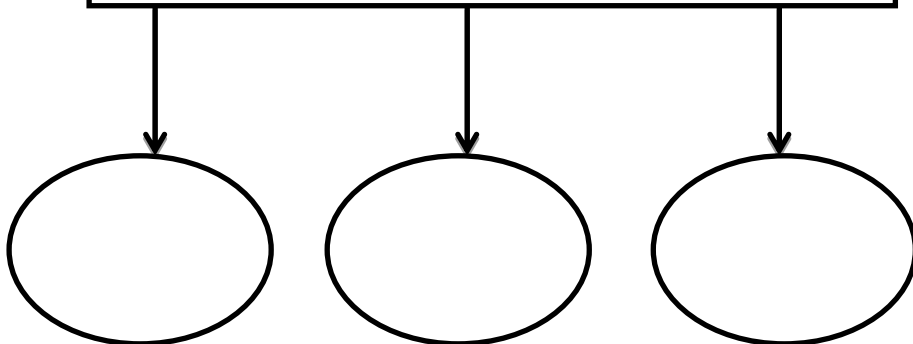

Hour, minute, milliliter, length, liter, gram, kilogram,  
second, milligram

1,  $\frac{2}{3}$ , 4, 7,  $\frac{5}{7}$ ,  $\frac{1}{8}$ ,  $\frac{3}{9}$ , 13, 5, 8,  $\frac{5}{6}$ , 9,  $\frac{3}{10}$ ,  $\frac{1}{2}$ , 11

ఐ, H, 5, ఁ, 3, U, ఠ, 4, P, 8, ఙ, Q, 6, డ,  
25, డ, R, 2, ఙ, 1, B, 10, ఁ

- Complete the exercise 10.1 in the page number 137 of the text book. You can get the help from your teacher to clear the doubts.
