

පළාත් අධ්‍යාපන දෙපාර්තමේන්තුව සබරගමුව -
සති පාසල

Subject :- Mathematics

Week :- 1 (2nd Term)

Prepared by- Zonal Education Office
Embilipitiya

Grade :- 8

11.1 Bilateral Symmetry

- Study the page number 123.
- Activity-Cut a square, an equilateral triangle, regular pentagon and another few plane figures from colour A4 papers. By folding them identify the number of symmetrical axes of them. Draw the symmetrical axes and paste them in your exercise book.
- Do the review exercise in the page number 124

11.2 Rotational Symmetry

- Study the page number 125 and do the activity 1.
- Study the page number 126 and do the activity 2.
- Do the exercise 11.1
- Write a summary about the following facts that you have learnt from this lesson.
 1. Bilateral Symmetry
 2. Symmetrical axes
 3. Rotational Symmetry
 4. Center of Rotational Symmetry
 5. Order of Rotational Symmetry
